CNC Building Professionals Celebrate at HIA CSR NSW Housing Awards

CNC Building Professionals celebrated their success at the 2013 HIA CSR NSW Housing and Kitchen & Bathroom Awards on Saturday night.

The Darlinghurst based company won the HIA NSW Renovation / Addition Project \$600,001 – \$1 million category (partnered by Stratco) for their Darlinghurst project.

Judges said, “This is a beautiful restoration of an existing terrace, with a definitive line for representing new construction. The addition is very modern with a good blend of minimalism that complements the original terrace. A great use of the garage as a second living space with cavity doors to the main outdoor living area creating good zoning. A fantastic use of space on a very tight site”.

Congratulating CNC Building Professionals on such an outstanding achievement, HIA’s NSW Executive Director, David Bare, said the awards were a tremendous display of the housing industry’s capacity, innovation and resilience in tough times.

“It is encouraging to see that in challenging market conditions HIA’s builders and designers have maintained their commitment to excellence. The high standard of entries shows that support for these awards has yet again been remarkable. Each year the bar is raised higher making the judging process all the more difficult.”

“Major winners tonight can look forward to progressing to HIA’s national awards next year and we wish them every success.”

The awards were held in front of a sell-out audience at the Sydney Convention Centre. Special guests included Minister for Fair Trading the Hon Anthony Roberts; Andrew Darley, State Manager NSW/ACT, CSR Bradford Group and HIA’s NSW President, David Linaker.

This year’s theme was ‘Disco Inferno’. The MC for the evening was the well-loved Australian singer, actress, and TV personality, Marcia Hines. After the awards presentation, Marcia then entertained guests with many hits from the years of disco.

The Association’s showcase awards night recognise excellence in housing innovation, material selection, design, construction and services to the NSW residential building industry.

The Housing Industry Association (HIA) is the leading industry association in the Australian residential building sector, supporting the businesses and interests of builders, contractors, manufacturers, suppliers, building professionals and business partners.
